Dear Parents

It is so nice to be back with your children. The excitement in the building is electric. We hope all of you had an amazing summer and had some time to relax and enjoy friends and family.

We have added an additional homeroom this year and want to introduce Miss White who will be teaching grade 4. Please give her a warm James Mowat welcome when you see her.

In addition to a new teacher this year, we have purchased 50 new Chromebooks allowing us to update our older technology and support our new classroom. We have also purchased 25 iPads for our grade one students.

We were thrilled to see when we came back that our new playground boat had been installed. Thank you to the City of Fort Saskatchewan for facilitating the replacement after the original one was vandalized beyond repair.

You may be surprised to hear “fore” being yelled from one of our students outside in the field. This is because we have purchased 5 portable frisbee golf catchers and our students are currently learning how to play this new sport.

Thank you to all parents for being conscientious about parking in designated areas and helping keep our students safe. Your support in this matter is greatly appreciated!

Finally, just a reminder that Monday is Labour Day and as such it is a school closure day. Please enjoy your long weekend.

James Mowat Staff
